

Spring Reactive Workshop

Zoltan Altfatter

About me

Software engineer [@mimacom](https://mimacom.com)

Twitter: [@altfatterz](https://twitter.com/altfatterz)

Blog: <https://zoltanaltfatter.com>

About you

- **Spring / Spring Boot** knowledge?
- **Docker** knowledge? We are using it in the demos.
- Any experience with **Reactor / Spring WebFlux**?
- **Why** did you register for this workshop?
- **What** do you need to know before leaving this room at the end of the day?

Agenda

- Introduction to **Reactive Streams** and **Reactor** types
- Using **Spring WebFlux**
- Using **Spring Security Reactive**
- Using **Spring Data Reactive**
- Using **Reactive types** with **Thymeleaf**
- Introduction to **Reactive RabbitMQ**
- What's next?

What should you expect

- Introduction to the main topics and their key concepts
- Hands-on exercises: coding, exploration and more
- Time for questions and discussions

Logistics

- Working hours
 - 9:00 to 17:00
- Breaks
 - 10:30 - 10:45 Coffee break in the morning (15 min)
 - 12:45 - 14:00 Lunch (75 min)
 - 15:30 - 15:45 Coffee break in the afternoon (15 min)
- Questions
- Slides and Sources
 - <https://github.com/altfatterz/spring-reactive-workshop>

Thank you Spring @ Reactor Team!
